Market Access Insight: Skyrixa in United Kingdom (2024)

Report date: 2024-08-20 | Prepared by: Priya Venkat

Access Overview

Reimbursement for Skyrixa in United Kingdom was approved on a managed entry agreement requiring real-world evidence submission within 18 months of launch under MHRA.

The national health service system applies health technology assessment before listing Skyrixa for plaque psoriasis.

Payer Perspectives

Payers in United Kingdom view the price of Skyrixa as acceptable only with a demonstrated clinical benefit versus the standard of care.

Formulary placement is reviewed annually, and pricing is linked to outcomes in the registry.

Evidence Requirements

Required evidence includes overall survival or response rate data, patient-reported outcomes and comparative effectiveness against Skyrixa's main competitor.

Pricing and Reimbursement Outlook

A confidential rebate is expected to remain in place until 2026. Market access risk is high for new indications.
